

ACHIEVEMENTS BY GEOGRAPHICAL LOCATION OF NIGERIA/NIGERIANS SUCCESS

We have sought out to deduce the geographic locations (within Nigeria or abroad), which the positive/success news/updates recorded are being achieved. In other words, our aim is to be able to tell objectively, how conducive/enduring the environments are to what Nigeria/Nigerians are achieving. To do this, we determined the locations on the basis of where exactly the achievement, progress, success, etc. was done or achieved as well as will be done or achieved and not based on where an award/recognition was or is presented.

It is important to mention that most achievements by Nigeria/Nigerians achieved abroad should not be relegated as being 'superior' or achieved out of a 'privileged comfortable environment' as most of these achievements are usually first in recognition of what has been done/attained within Nigeria and as such requiring an international/global export.
